

## *Help support Bellingham Repertory Dance Company*

### THE MISSION

Bellingham Repertory Dance Company aims to provide the community with high-quality production and presentation of contemporary dance. The Company creates opportunities for accomplished dancers in our community to perform sophisticated, audience accessible works. Furthermore, BRDC creates professional-level opportunities for established and emerging choreographers.

### YOUR HELP IS GREATLY APPRECIATED

None of the dancers of Bellingham Repertory Dance Company are paid. Our foremost expense is in acquiring choreographic works to perform.

Bellingham Repertory Dance Company's strategy is to select pre-viewed choreography with a high audience appeal. We aim to provide this community with quality contemporary dance with excellent entertainment value.

In our nascent stage, we are unable to pay large amounts of money for choreographic works. All donations will help ensure that this company continues, and will help our repertory grow to offer a diverse and sophisticated body of work for this community to enjoy. Thank you!
